

"Siren's Secret"

By Alexandra Nguyen

Alexandra is a senior at Unionville high school and an art hobbyist. She enjoys painting with acrylics and digital media, although trying new materials is always part of her learning process. She also loves peaceful walks in nature, whether it's the dry forests of California, the lush, shaded woods in Pennsylvania, or the breezy countryside in southern France. Aside from art, Alexandra likes to read, to act, and mostly, to play video games.
