Dan Gotel is first and foremost a husband, father and a grandfather, a role he holds close to his heart. He is widely known for his detailed paintings and creative designs. Dan began exploring his artistic talents as early as the third grade. He continued enhancing his talents without any formal teaching or schooling. He has built his reputation on a natural talent, a God-given gift. Gotel not only paints on canvas and other mediums, but is also a mural artist with nature and wildlife being one of his specialties which connects him to Chester County. Many of his murals can be seen in our local schools throughout Chester County. Dan continues to bring the world as we know it, in close detail with the magic of his brush. Sharing his gift with everyone inspires Dan to continue to create his works of art whether it be a portrait of a loved one or a special pet or that memorable moment in time. This brings him much joy when he is able to put his client's ideas on canvas.
