

"Aloha Pennsylvania"

By Evy Timothy

Evy Timothy grew up in Central PA, lives in Broomall PA with her husband and children and two cats, and has family in West Grove PA, so regularly visits the "Mushroom Capital of the World." Since graduating with a BFA in Studio Arts, Evy has produced commissioned art pieces for over 25 years. She has been an elementary and middle school art teacher for the past 8 years. Her most popular recent work has been her many images of Snow Folk, not only winter residents but active participants in all the year's events. Outside of teaching and artwork, Evy likes to do yoga and is in love with the patterns & colors of farm landscapes against mountain ridges. And those old houses? She loves exploring them and admiring all the craftsmanship.
