**38<sup>th</sup> Annual Mushroom Festival**  
**‘HARVESTING HOPE’**  
Kennett Square, PA • September 9–10, 2023

[WWW.MUSHROOMFESTIVAL.ORG](http://WWW.MUSHROOMFESTIVAL.ORG)

## MUSHROOM FESTIVAL: MORE THAN MUSHROOMS

Early in its inception, those who established the Festival had a vision: celebrate the community in which the Mushroom Capital of the World thrives. So, each September, thousands of people in and around Kennett Square come to celebrate all things mushrooms with food, music, crafts, education, fun, and more.

**While the Mushroom Festival takes place for two days each September, its impacts last all year long.**

After the Festival, proceeds from the event are provided to local non-profit charities and organizations through the Mushroom Festival Grant Program. Over the past two decades, the Mushroom Festival has donated more than \$1 million in funds to local organizations to help strengthen and advance the surrounding community.

## STORIES OF HOPE

From simple, hyperfocused needs to larger requests, what's special about the Mushroom Festival Grant Program is its ability to work directly with local groups to identify clear needs that make a significant impact within the community.

**Your contribution to and support of the Mushroom Festival has power. Every dollar of the Mushroom Festival Grant Program makes a difference in people's lives in our community. Here is just a small example of how your Mushroom Festival sponsorships help in *Harvesting Hope*.**

**Toward the Future:** With the help of Mushroom Festival grants, After the Bell and Walking in kNowledge provide students in the community who may not otherwise have access college visits and field trips, and transportation to community service projects, or home from after-school programs.

**Riding High:** Equine therapy has been shown to have a positive impact for people with emotional needs. Dreamcatcher and Reigns of Life both provide children and adults with emotional and physical needs a safe, compassionate, and respectful place to learn and have fun. The grants help fund the programs to keep the horses safe and healthy.

**Gimme Shelter:** When a single mother of three, along with her own mother needed repairs to their mobile home, Good Neighbor was able to use money from their Mushroom Festival Grant to provide repairs to the roof, gutters and other parts of the structure to provide a safe, dry, and healthy home.

**More than a Meal:** While Meals on Wheels is best known for its meal deliveries, it often provides more. Volunteers have been on the scene when recipients have fallen and needed assistance and in one case in Chester County, a volunteer was on the scene when a recipient was having a heart attack. The Mushroom Festival Grants allow volunteers to continue and increase their engagement with community providing healthy meals, friendship, and connection.

**Starting Early:** An integral part of the mushroom industry ecosystem here in Chester County, Tick Tock Early Learning Center provides early childhood education and care to the community, many of which are mushroom industry employees. With Mushroom Festival grants, Tick Tock is able to offset the high cost of curriculum expenses, enabling the center to offer affordable tuition rates on a sliding scale to the hardworking families of the area.
