

"In the Garden"

By Melissa Blittersdorf

I grew up in the Kennett Square Unionville area most of my life and I am a 2005 graduate of Unionville high school. I am married to Mike Blittersdorf and we have two children, a nine-year-old daughter and a 19-year-old son. My son is a local firefighter / EMT with Avondale and Hockessin Fire Departments. I am a part-time floral designer at Zena Florist. I also help out at our family business, Blittersdorf Towing.

For over a decade, I have joined Blittersdorf Towing in participating in many of our small town parades and events. From the Memorial Day Parade to the Kennett Fire Company Trunk or Treat. My hobbies are crafting and gardening. I love my plants and flowers! I have recently been working on starting my own mini flower farm.

My family and I love our small town and we definitely enjoy attending all the events which include the Mushroom Festival and the Mushroom Drop.
